

—1670— Water-level contour—Shows altitude of ground water. Based on measurements taken from more than 100 domestic wells, May-August, 1982; 80 observation wells, August, 1982; and surface-water altitudes from U.S. Geological Survey, 7½-minute topographic maps published 1970-82. Interval is 10 feet. Datum is mean sea level

8131. Observation well and number

Base from U.S. Geological Survey 1:100,000 quadrangle maps. PARK FALLS, WIS., (1986), WAKEFIELD, MICH., WIS., (1976), RHINELANDER, WIS., (1976), IRON MOUNTAIN, MICH., WIS., (1976), IRON RIVER, MICH., WIS., (1976)
