SPRINGHEAD AND SPRING POND SURVEY

[illegible]

[illegible]

R.18W.

This is a detailed cadastral map of a rural area, likely in Minnesota, showing land parcels, owners, and acreage. The map is divided into a grid of sections, with various landowners and their respective acreages listed within each section. Key features include a river (St. Louis River) flowing through the center, a railroad line running horizontally across the middle, and several smaller roads and paths. The map is oriented with North at the top. The names of the landowners are written in capital letters, and the acreage is written in numbers. The map is a black and white reproduction of a historical document.
