

Open-File Report 2012-03

These files represent the digital information derived from Wisconsin Geological and Natural History Survey Open-File Report 2012-03, titled *Groundwater susceptibility map of Columbia County, Wisconsin*, by M.B. Gotkowitz and S.W. Mauel. The information includes the map as a PDF file and as GIS data with metadata. The GIS data are provided in Esri grid format with metadata. Please see the metadata for information on how the GIS data have been captured and attributed.

### About grid files

Please note that a grid consists of several files, but they're stored in multiple folders. Editing or moving any of these files independently of the others could corrupt the data.
