

# Preliminary Quaternary Geology of Columbia, Green Lake, and Marquette Counties, Wisconsin: Digital Information

Thomas S. Hooyer, William N. Mode, Lee Clayton, and John W. Attig

Open-File Report 2015-01 | 2015

## Description

These files represent the digital information derived from Wisconsin Geological and Natural History Survey Open-File Report 2015-01, titled *Preliminary Quaternary Geology of Columbia, Green Lake, and Marquette Counties, Wisconsin*, by Thomas S. Hooyer, William N. Mode, Lee Clayton, and John W. Attig. The information includes the map as GIS data with metadata. The GIS data are provided in Esri shapefile format with metadata and layer (.lyr) files. Please see the metadata for information on how the GIS data have been captured and attributed.

To obtain a printed copy of the map, please visit [WisconsinGeologicalSurvey.org](http://WisconsinGeologicalSurvey.org) or contact WGNHS Map Sales (608.263.7389) and request *Preliminary Quaternary Geology of Columbia, Green Lake, and Marquette Counties, Wisconsin* (Open-File Report 2015-01).

## System requirements

### Software for viewing GIS data

- desktop GIS software capable of reading shapefile format (such as ArcGIS), or
- Esri ArcGIS Explorer, available free from [www.esri.com](http://www.esri.com)

James M. Robertson, Director and State Geologist

## Preliminary Quaternary Geology of Columbia, Green Lake, and Marquette Counties, Wisconsin

### About shapefiles

Please note that a single shapefile consists of multiple files that share the same name, but have different file extensions (for example, shp, shx, dbf, prj). Editing or moving any of these files independently of the others could corrupt the data.

### Source document

Hooyer, T.S., Mode, W.N., Clayton, L., Attig, J.W., 2015, Preliminary Quaternary geology of Columbia, Green Lake, and Marquette Counties, Wisconsin: Wisconsin Geological and Natural History Survey Open-File Report 2015-01, 1 plate.

### Suggested citation

Hooyer, T.S., Mode, W.N., Clayton, L., Attig, J.W., 2015, Preliminary Quaternary geology of Columbia, Green Lake, and Marquette Counties, Wisconsin: Wisconsin Geological and Natural History Survey Open-File Report 2015-01-DI, digital information (GIS data).

### Acknowledgments

This geologic map was funded in part by the USGS National Cooperative Geologic Mapping Program under award numbers 03HQAG0057 and 04HQAG0030.
